INTRODUCTION

Welcome to Horeclean.lu, the premier specialist in cleaning products tailored specifically for the bustling horeca sector. Our mission is to provide unparalleled service and quality, ensuring that every hospitality establishment in Luxembourg maintains the highest standards of cleanliness and hygiene.

Our array of services is designed to cater to the unique needs of the horeca industry. We begin with a thorough audit on prices and solutions, enabling us to offer customized recommendations that align with each establishment's specific requirements and budget. Understanding the importance of well-maintained equipment, we also specialize in fridge rubber replacement, a critical service for ensuring food safety and operational efficiency.

In addition to these services, Horeclean.lu conducts meticulous cleaning inspections. Our expert team assesses each establishment's cleaning practices, offering guidance and solutions to enhance hygiene and customer satisfaction. We believe that quality should never be compromised, which is why we supply only high-quality cleaning products, ensuring effective and safe cleaning solutions.

We are also proud to cater to a growing demand for sustainable practices in the horeca sector. Our range includes vegan- friendly and a complete ECOLABEL certified family of products, reflecting our commitment to environmental stewardship and catering to the conscious consumer.

Convenience is key in the fast-paced horeca industry. Therefore, we offer free delivery for orders over 150€ across Luxembourg and guarantee 24-hour delivery for products that are in stock, ensuring that your establishment is never without essential cleaning supplies.

At Horeclean.lu, we blend expertise, quality, and sustainability to provide a comprehensive cleaning solution for the horeca sector. Trust us to elevate your establishment's cleanliness standards, because at Horeclean.lu, we clean with care and precision.

OUR SERVICES

1. Free Delivery in Luxembourg for orders over 150€: (Inquire for a quote for Germany or other European countries.)

2. Negotiable Prices for Multi-Restaurant Owners: Benefit from special pricing if you own multiple restaurants or establishments.

3. Complimentary Kitchen Audit: When you purchase our products, we provide an exclusive kitchen audit. This includes a new customised cleaning plan tailored with our SANIPLAN Software and all necessary documentation, such as technical files and safety files for our products.

4. Fridge Rubber Replacement: Over time, fridge rubber seals can deteriorate, potentially harboring harmful bacteria and increasing energy bills. Our company offers fridge rubber replacement services. Contact us for more information and to schedule an inspection.

5. Kitchen Machine Repairs: We collaborate with our partners to repair kitchen machines. We also offer the installation of dosing pumps for detergents or rinse concentrate in dishwashing machines.

6. Connect with Our Partners: We can connect you with our network of partners, which includes services like fire security, electronic installation and repairs, alarm systems, LED installations, DJ bookings, event planning, catering, beverage services, and more.

NEW

AQUAGEN

FRE
foam

Daily cleanser with active
foam for bathrooms

ACTIVE FOAM

- Daily cleanser for bathrooms.

- Pleasant and persistent clean aroma. Bad odor encapsulating formula.

- Residual effect: its daily use helps to prevent the future accumulation of dirt.

- Its active foam increases cleaning efficiency, reduces product consumption and facilitates rinsing.

- High power descaling: dissolves the remains of lime, soap and creams, leaving the surface clean and bright.

- It can be used on any surface without damaging it: fittings, toilets, bathtubs, screens, washbasins, tiles, etc.

- Effective at low doses (0,2 y 1%) for maintenance of floors in toilets and in areas with high water hardness.
